# Natural Easter Egg Dye

## Materials:

Begin by looking through your kitchen for brightly colored materials that stain when spilled. Coffee, tea, grape juice and red wine make interesting egg dyes. Plant materials from fruits, vegetables and kitchen spices can also be used to make interesting dyes.

## **To get different colors, use these materials:**

Brown or tan: strong coffee

Dark purple: red wine

Green: spinach leaves

Blue: red cabbage

Orange: yellow onion skins

Yellow: grated carrots

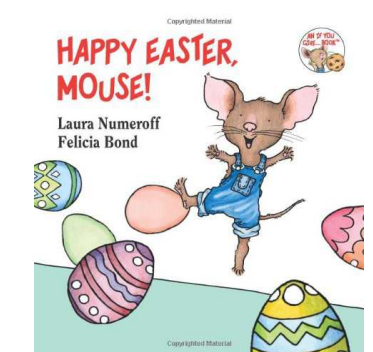

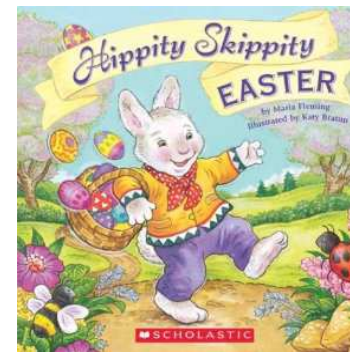

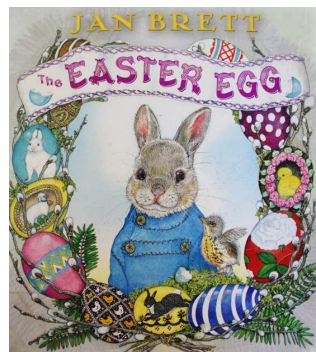

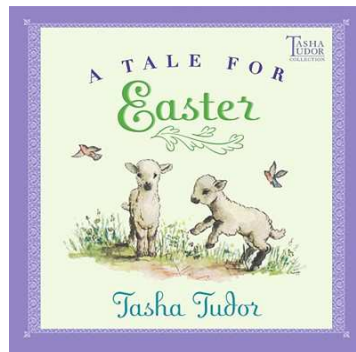

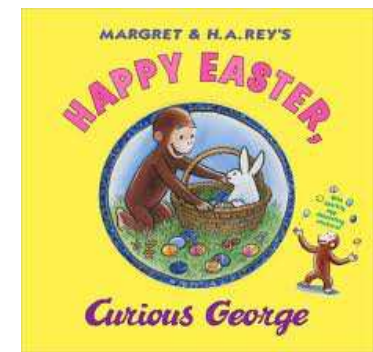

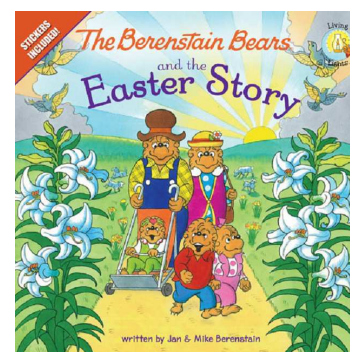

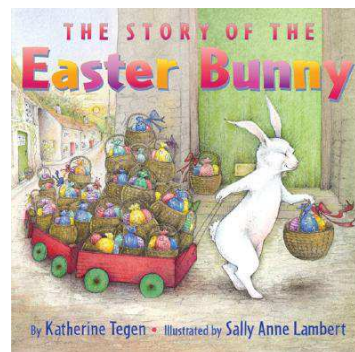

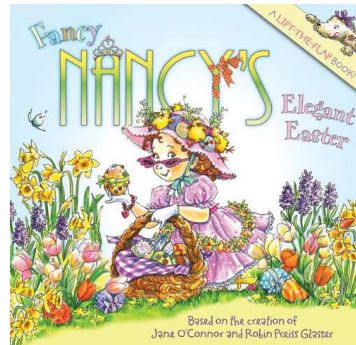

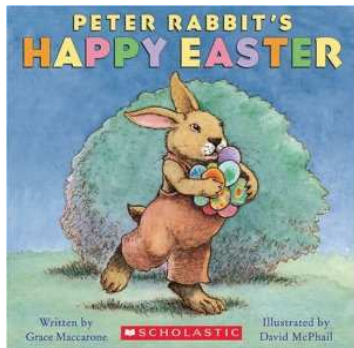

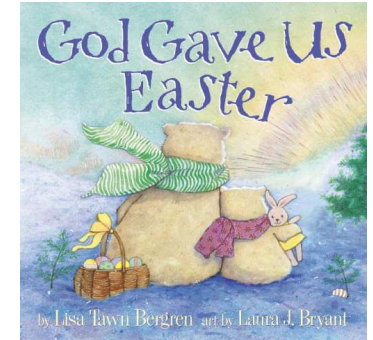

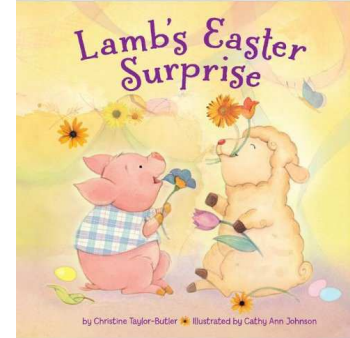

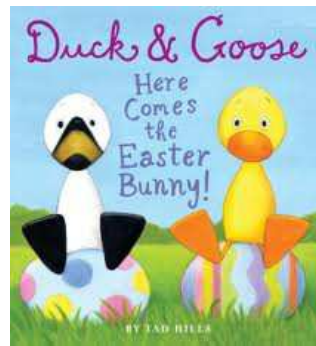

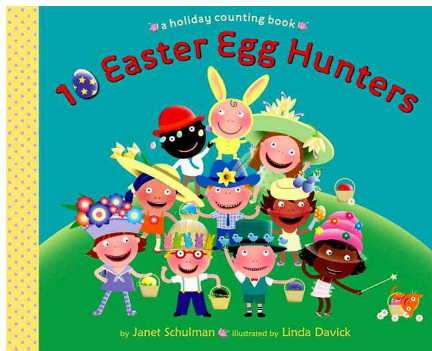

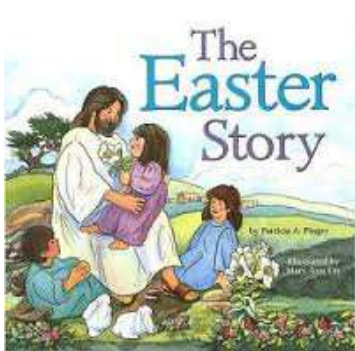

Pink: beets or cranberry juice

## Directions:

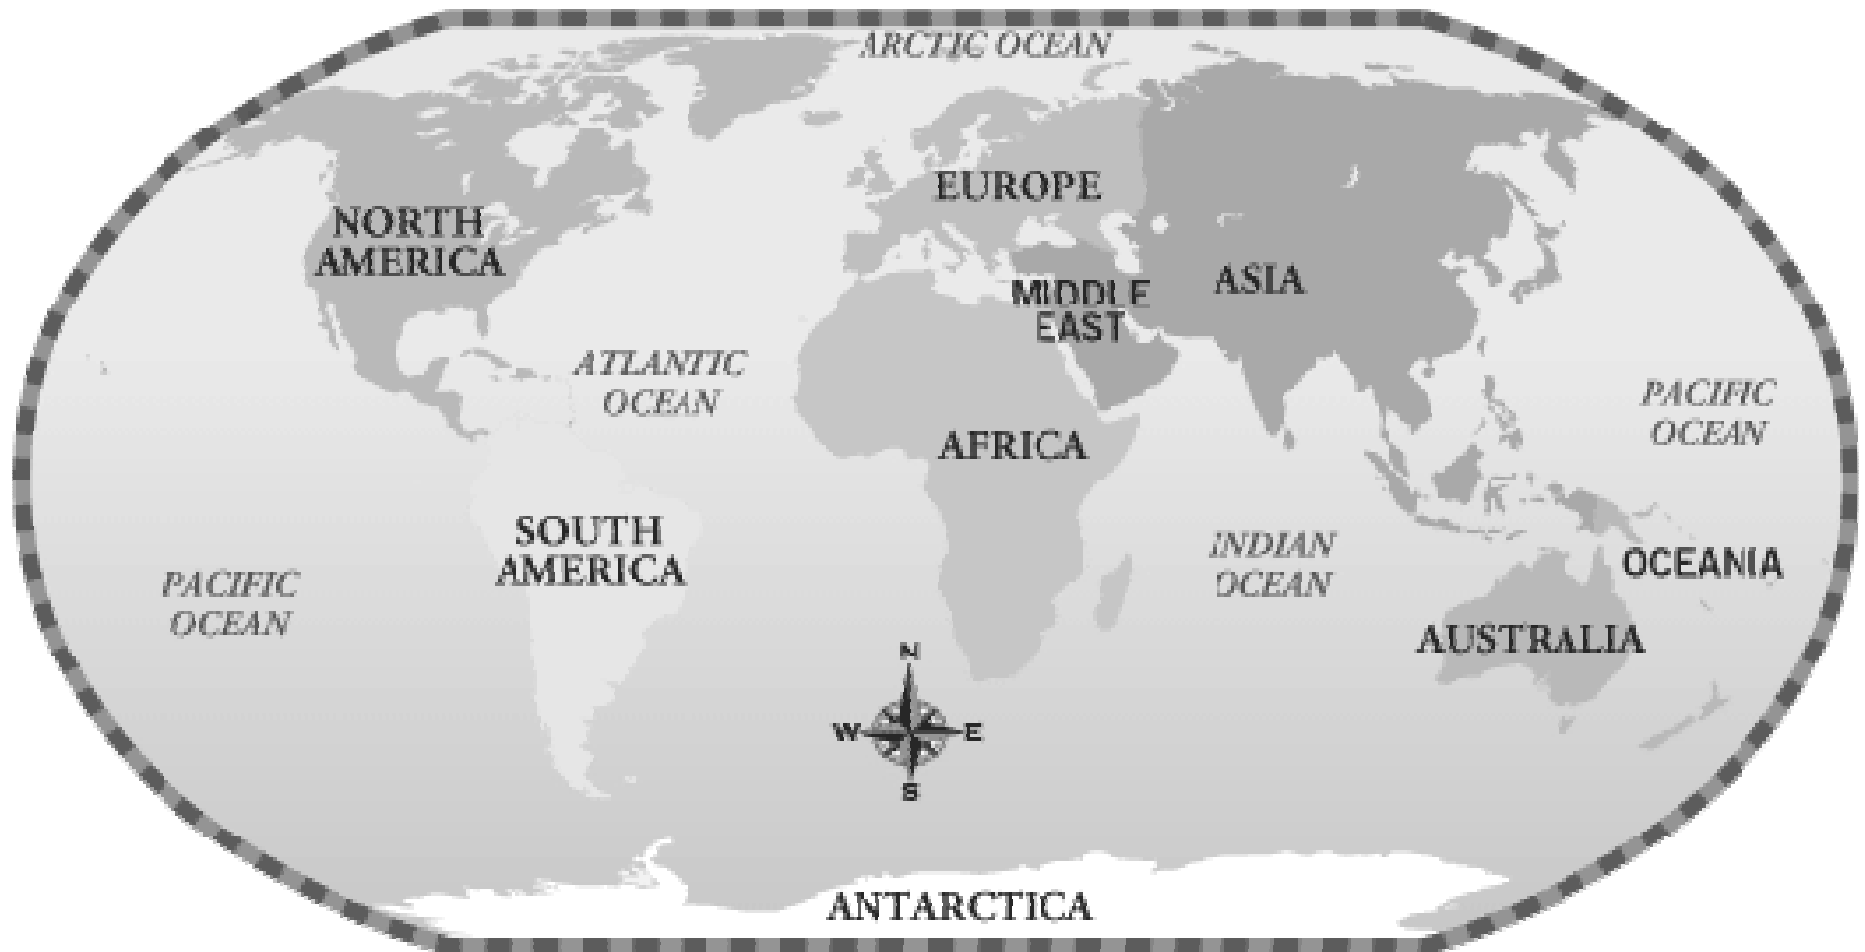

Place hard boiled eggs into your desired “dyes” overnight to reach desired colors. Fruit and vegetable materials should be ground up and added to water. Adding a little vinegar to each dye color helps the dye set.

# Books to Read

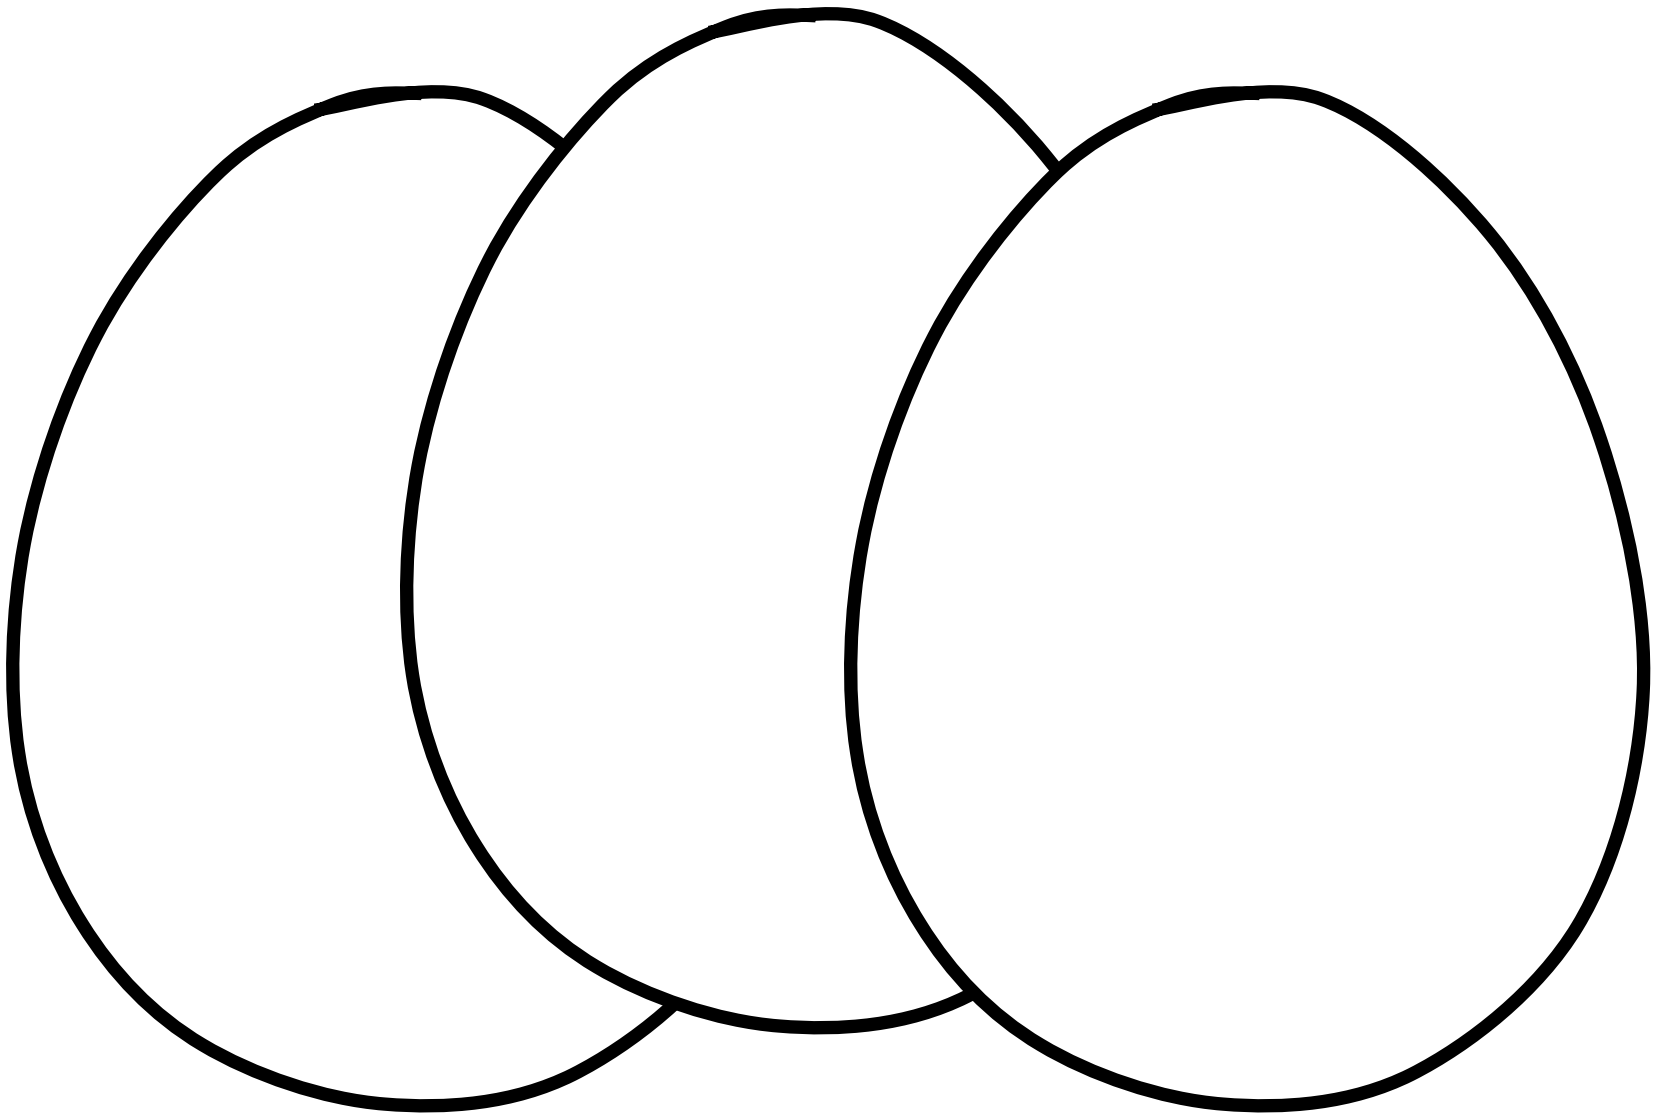

# Easter Around the World

Directions: Do some research online with your children to see how different parts of the world celebrate Easter. Some interesting country are: Norway, Finland, Germany, France, Italy, China, Japan, and of course the United States.

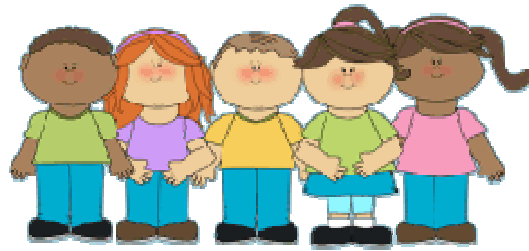

# Easter Egg Art

Directions: Provide the children with crayons, markers, or paint to decorate their eggs anyway they wish.
